Hoof protection recommended for first loop of the 100km. All other loops/events have been ridden barefoot by several OCTRA guests. It is the Canadian Shield under the cover!!

Course Description: Enjoy riding on the golf course, lake water stops/ views, vista rolling hills and double wide established forest trail. The endurance trail has had more dirt double track trail added. The Ride & Tie trail has been moved to remove the roller coaster hills and still have lake access, views and bonus of the golf course.

These options have been designed to challenge the regular 50 miler (80km) endurance riders with a 100km (62 mile) event, the 25 milers (40km) with a 50 km event, And builds towards a 75 or 100 mile training with plenty of options to combine over the two days. We view this ride as a longer distance/fitness development event.

There is a special 100km wine goblet for those who finish the 100km event.

We will continue to award the Cala-Boogie Champ award for the individual who demonstrates the best overall performance/ horsemanship over the entire weekend on the same horse.
