RTM First in Line (Sis) epitomizes the sport of endurance riding. After two years of LD rides and nine years of endurance rides, Sis has proven herself to be a strong willed and determined competitor. Sis is all business at endurance rides and she loves her job.

RTM First in Line has placed at or near the top of the year-end standings in AERC, UMECRA, AHDRA, and GLDRA most years of her endurance career. In 2017, Sis won the UMECRA Versatility Award (competing in endurance, LD, and competitive trail) (showing her love of CTR in the pouring rain ☺).

She has won the national AHA High Point Endurance Horse year-end award six times and placed in the national AERC War Mare competition many times.

I am so thankful that Sis is strong, capable, and willing to be my partner in this sport that I love. She has been a dependable and consistent endurance partner with over 5,800 endurance miles, and 575 LD miles. I'm looking forward to many more seasons of competition.
