

# 2024 AERC Veterinary CE

16.0 RACE CE Units applied for • RACE Program #180-19407

**Thursday, February 22, & Friday, February 23, 2024**

**Embassy Suites by Hilton • Albuquerque, New Mexico**

AERC Veterinarians:

The 2024 Veterinary CE is going to be a jam-packed two days, with nationally-recognized speakers and 16 hours of CE credit (application has been sent to RACE for approval). Once you see the seminar listings, you'll definitely want to head to New Mexico to participate on February 23 and 24.

The cost? \$275 for both days, lunch included. (We've included a check box if you prefer a vegetarian lunch option.) The hotel provides a breakfast for those staying overnight at the Embassy Suites. Single day option: \$150.

**Sign up by Friday, February 9!**

**Phone: 866-271-2372**

# 2024 AERC Veterinary CE Seminars

Thursday, February 22, 2024

8:00 am - 11:00 am

## **Limb Fractures That You Can Diagnose and Manage in the Field**

### **Skull/Neck/Back Fractures That You Can Diagnose and Manage in the Field**

### **How to Manage Large Foreign Body Injuries: T-posts, Tree Branches and more!**

**Lindsay Knott, DVM**

Dr. Knott completed her bachelor's degree in Biology at Binghamton University and continued to the University of Tennessee College of Veterinary Medicine, graduating with awards in both equine medicine and surgery. After graduation in 2017, Lindsay completed internships at both Equine Sports Medicine and Surgery in Weatherford, Texas, and Louisiana State University, then completed a Large Animal Surgery Residency at Michigan State University in 2022. Her professional interests include orthopedic and soft tissue surgery, lameness, and post-operative rehabilitation. She is in practice at Loomis Basic Equine Medical Center in Penryn, California.

1 pm-3 pm

## **Emergencies You Might See at Ride Camp or in General Practice and How to Manage Them**

**Langdon Fielding, DVM, MBA, DACVECC, DACVSMR**

Dr. Fielding attended college at Harvard University where he rode for the equestrian team (jumping). He attended veterinary school at UC Davis, then completed a large animal internship at Texas A&M University. Dr. Fielding began working at Loomis Basin Equine Medical Center in 2003 and is currently one of the owners. Dr. Fielding has over 30 research publications on topics including electrolyte and fluid therapy, emergency medicine, endurance horses, and neonatal foals. He is the co-editor of *Equine Fluid Therapy*, the only textbook focused on fluid and electrolytes in horses. Dr. Fielding received his MBA through the Wharton School, University of Pennsylvania.

3 pm-4:30 pm

## **Antimicrobial Stewardship and Equine Practice**

**Trisha Dowling, DVM, MSc, DACVIM (LAIM), DACVCP**

Dr. Dowling is a professor of veterinary clinical pharmacology at the Western College of Veterinary Medicine in Saskatoon, Saskatchewan, Canada, and the founder and co-director of the Canadian gFARAD. She graduated from Texas A&M in 1983 (BS Animal Science) and 1987 (DVM) and completed a residency and Master's at Auburn University. Dr. Dowling has been teaching veterinary pharmacology at the Western College of Veterinary Medicine since 1993 and has received numerous teaching awards including the Norden Distinguished Professor award and the Provost's Teaching Excellence Award.

Friday, February 23, 2024

8 am-12 noon

## **Collaborative Diagnostic Imaging**

How combinations of imaging modalities improve diagnostic accuracy and treatment recommendations

## **Practical Rehabilitation Techniques**

How physical therapy improved case outcomes

**Lea Walker, DVM, DACVSMR**

Dr. Walker received her bachelor's degree in Equine Science at Colorado State University (2004) and her DVM degree from Texas A&M University (2008). She completed a Sports Medicine and Imaging internship and residency at California Equine Orthopedics. Dr. Walker's specialty has been in sports medicine and imaging, and her skills include performing in-depth lameness examinations, performing and interpreting advanced diagnostic imaging such as nuclear scintigraphy (bone scan), magnetic resonance imaging (MRI), ultrasound and digital radiography. Dr. Walker is familiar with advanced treatment options including stem cells, IRAP, PRP and ProStride, etc. and their various applications in sports medicine. Dr. Walker is in practice at Cave Creek Equine Sports Medicine and Surgery.

1 pm-2 pm

## **Medical Problems Caused by Electrolyte Derangements**

**Langdon Fielding, DVM, MBA, DACVECC, DACVSMR**

2 pm-3:30 pm

## **Colic: Treating the Sick Endurance Horse**

**Margaret Brosnahan, DVM, PhD, DACVIM**

Dr. Brosnahan is a Clinical Assistant Professor in Equine Internal Medicine at the Midwestern University Animal Health Institute. Her education includes degrees from Tufts University (DVM), Oklahoma State University (MS), and Cornell University (PhD). She has advanced clinical training through a Large Animal Medicine and Surgery Internship at the University of Minnesota, an Equine Internal Medicine Residency at OSU, and in equine rehabilitation at the University of Tennessee. Dr. Brosnahan's clinical interests include Neonatology, infectious diseases, cardiology, gastrointestinal diseases, exercise physiology and athletic performance, and equine welfare.

3:30 pm-5:30 pm

## **Drugs in Performance Horses**

**Trisha Dowling, DVM, MSc, DACVIM (LAIM), DACVCP**
